**Introduction to
Michigan General Jural Assembly**

What we Know...

1st – 100 Years

During the first hundred years from its formation the United States of America became the most powerful and prosperous country in the world. It came to be recognized as being the bastion of freedom, the home of liberty, and the land of opportunity.

2nd – 100 Years

Unfortunately, in its second hundred years, certain powerful forces gained control of the government and took measures to extend that control to the monetary system and all other aspects of our lives, and promoted the false concept that people should expect their government to take care of them, thereby making the people subservient to the government.

Efforts were put forth to usurp **power** and **authority** from the people and the states by special interest groups and **power** elitists bringing us to our current situation.

Why become a member of the MGJA...

Are you in agreement with the current government taking these unalienable rights by imposing these costs

Mandates?

Critical Race Theory?

Income Tax?

Property Tax?

License required to travel in your vehicle?

License plating your vehicle?

Regulations on local businesses?

Regulations on natural health care?

Regulations on local farms?

Restricting access to Cheap or free electricity?

Attacks by current government to abolish the right to keep and bear arms.

Inability to have one's grievances heard and addressed by denial of access to the court systems and due process.

This is prevalent in the present foreclosure on We THE People's homes with the people providing ample case information that is evidence of fraud by the banks and courts.

Who We Are...

The Michigan General Jural Assembly is a group of We THE People that have come together to bring Michigan, a Free and Independent State back to Original Jurisdiction and Venue. By relying on precedent from court cases and founding documents. This can be scaled up to include the united States of America.

We THE People come from all walks of life, different ages, different professions and we have come together with a common objective of uniting the People for a just cause.

As of March 2010, we are now slowly re-filling all of the positions vacant since 1861 in a peaceful and lawfull manner

What authority do we have to correct these usurpations...

Our authority and rights come in many forms ...

Common Law evolved

Ten Commandments

1. Thou shalt have no gods before Me.
2. Thou shalt not make unto thee any graven image.
3. Thou shalt not take the name of the Lord thy God in vain
4. Remember the Sabbath day and keep it holy.
5. Honor thy father and thy mother.
6. Thou shalt not kill.
7. Thou shalt not commit adultery.
8. Thou shalt not steal
9. Thou shalt not bear false witness against thy neighbor.
10. Thou shalt not covet.

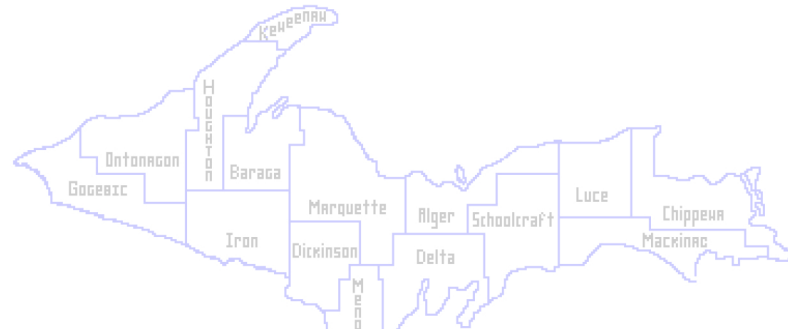

For all the Law is fulfilled in one word, which is this,
"Thou shalt love thy neighbor as thyself."

Galatians 5:14

Common Law Principles

1. Don't obsess about an object or person.
2. Don't exalt anything you created above all else in your life.
3. Don't make rash promises or oaths you won't keep and don't wish anyone misfortune or harm.
4. Don't work 7 days a week, your body and mind needs rest.
5. Be respectful to your parents and other people.
6. Don't intentionally harm or murder anyone.
7. Don't break your promise to your spouse, family members or associates, including marriage vows.
8. Don't take anything that is not yours.
9. Don't lie.
10. Don't obsess about what someone else owns or has a relationship with to the point you would violate any of the above rules to obtain it or destroy it.

Basically, treat everyone how you want to be treated and finish everything you promised to do as long it doesn't break any of the above rules.

How are we fixing this...
